Similarity:

- Similarity: $\text{similarity} = (\mathbf{A} \cdot \mathbf{B}) / (\|\mathbf{A}\| \times \|\mathbf{B}\|)$

- `normalized_vector`: $\text{normalized_vector} = \text{vector} / \|\text{vector}\|$
- `cosine_distance`: $1 - \text{cosine_distance} \geq \text{threshold}$

`check`: $\text{check} \rightarrow \text{normalized_vector} \cdot \text{vector} = 1$, $\text{check} \rightarrow \|P\text{-normalized_vector}\| = 1$.
`check` $\rightarrow \text{cosine_distance} \leq \text{threshold}$.
